

Laundry Room Cleaning Checklist

Finish one zone at a time. Follow the actual appliance and surface care guides.

Session date: _____ Next small session: _____

- ☐ **Prepare**
Read care guides; secure chemicals; keep children and pets out.
- ☐ **Clear**
Move clean laundry and items that belong elsewhere.
- ☐ **Dust high surfaces**
Finish one safely reachable shelf or cupboard at a time.
- ☐ **Collect dry lint**
Use gentle tools on accessible surfaces before damp wiping.
- ☐ **Wipe appliance fronts**
Use compatible mild care; dry controls before operation.
- ☐ **Clean the washer**
Empty drum; clean permitted parts; follow the specified cleaning cycle.
- ☐ **Check dryer lint**
Follow lint-screen care; refit screen; record vent or service concerns.
- ☐ **Clean working surfaces**
Clean compatible sink, counter and handles; rinse if directed; dry.
- ☐ **Care for the mat**
Follow its label; return only when mat and floor are dry.
- ☐ **Finish the floor**
Collect debris; use the permitted floor method; avoid flooding.
- ☐ **Put products away**
Keep labeled original containers secure; lock laundry packets away.
- ☐ **Close the session**
Clear the walking route; write down jobs needing suitable help.

Deferred tasks and service reminders

Never mix cleaning products or move heavy appliances for this checklist.
A surface clean does not certify hidden dryer ducts or internal machinery.
