LOCAL WASTEWATER CHECK

and Bathroom Disposal Plan

A simple record for your home - keep with your bathroom supplies.

While you check: put used wipes in the trash. Flush only human waste and toilet paper. Never flush a wipe marked "do not flush".

Wastewater provider / septic service:

Exact wipe product and packet directions:

Official advice URL or contact:

Our household disposal rule:

ONE-TIME SETUP

- ☐ Confirm the advice covers this address and system.
- ☐ Compare the exact packet with local and equipment instructions.
- ☐ Put a suitable lined trash can within convenient reach.
- ☐ Keep cleaning wipes and loose liners away from children and pets.

QUICK BATHROOM RESET

- ☐ Check the liner; empty when full or needed and replace it.
- ☐ Wash hands after handling waste. Clean the can on bathroom day.
- ☐ Tell family and guests where used wipes belong.

Recheck when you move, change products or systems, or local advice changes. Ask your provider if unsure; do not flush a test wipe.
